Dear Samantha

Service Contract, Fitness Training Equipment

I wish to place on record my thanks for your team's continued service in the maintenance of station fitness training equipment across the twenty-four sites in Oxfordshire Fire and Rescue Service.

The professionalism and efficiency of the six monthly checks ensures the Brigade meets its health and safety obligations in a cost effective and timely manner allowing us to secure the on going fitness of our crews and therefore maintain full fire appliance emergency response for the communities of Oxfordshire.

Yours sincerely

P R Tonks
Emergency Response Manager
